TRAINING DEVELOPMENT + MOBILE LEARNING PLATFORM

Training your people finish, and proof they are ready.

Vantros LLC is a veteran-owned training company. We design and produce workforce training, deliver it on any phone through our Vantros.IQ platform, and give leaders a live view of who is ready, for public and private sector organizations.

CORE CAPABILITIES

- **Training development.** Onboarding, compliance, product and certification programs built around a measurable outcome.
- **Instructional design.** Needs analysis, learning objectives, storyboards, scenarios and assessments.
- **Multimedia learning.** Video production, motion graphics and interactive lessons built for phones.
- **Vantros.IQ platform.** Mobile learning platform with certificates, assignments and live readiness dashboards.
- **Training consulting.** Program strategy, measurement frameworks and learning documentation.

WHAT SETS VANTROS APART

- **Content and platform from one source:** the team that builds the training also sees how people answer, so nothing is lost between vendors.
- **Mobile first, no app store:** lessons of about five minutes open from a link on any phone, for field crews, sales floors and night shifts.
- **Readiness, not just completion:** leaders see who is ready, who is overdue and for what, by department, site and role.
- **Gaps shape the next module:** results show which skills each team misses, so training gets sharper over time.
- **Veteran-owned:** built on the military standard that readiness is measured, not assumed.

HOW WE WORK

01
Discover
Agree on the performance gap and the KPI that matters.

02
Design
Short lessons, real scenarios, checks tied to skills.

03
Build
Video, interactive courses and knowledge checks.

04
Measure
Track readiness by team; gaps feed the next round.
